

Exercise 1 — Online Exam Score Entry (Allowed Range: 0 to 100)

Test Case ID	Test Scenario Description	Input Value	Expected Result
EXAM_01	Verify score below minimum limit	-10	Error: Score cannot be less than 0
EXAM_02	Verify minimum boundary score	0	Score recorded: 0
EXAM_03	Verify standard passing score	72	Score recorded: 72
EXAM_04	Verify maximum boundary score	100	Score recorded: 100
EXAM_05	Verify score above maximum limit	115	Error: Score cannot exceed 100

Exercise 2 — Daily ATM Cash Withdrawal (Allowed Range: \$20 to \$1,000)

Test Case ID	Test Scenario Description	Requested Cash (\$)	Expected System Response
ATM_01	Attempt withdrawal below minimum daily limit	\$10	Declined: Minimum withdrawal is \$20
ATM_02	Attempt minimum daily withdrawal	\$20	Approved: Dispensing \$20
ATM_03	Attempt typical daily withdrawal	\$250	Approved: Dispensing \$250
ATM_04	Attempt maximum daily limit	\$1,000	Approved: Dispensing \$1,000
ATM_05	Attempt withdrawal exceeding daily limit	\$1,200	Declined: Maximum daily limit is \$1,000

Exercise 3 — Account Handle / Screen Name Length (Allowed Length: 4 to 12 Characters)

Test Case ID	Test Scenario Description	Screen Name	Character Length	Expected Result
USR_01	Screen name under minimum length	dev	3	Error: Name too short (Min 4 chars)
USR_02	Screen name at minimum boundary	code	4	Success: Handle created
USR_03	Standard screen name length	pixel_master	12	Success: Handle created
USR_04	Screen name over maximum length	cyber_warrior_99	16	Error: Name too long (Max 12 chars)

Exercise 4 — National ID Digits Verification (Strict Requirement: Exact 9 Digits)

Test Case ID	Test Scenario Description	ID Input Number	Digit Count	Expected Validation Outcome
ID_01	ID number with fewer than 9 digits	12345678	8	Error: ID must be exactly 9 digits
ID_02	Valid 9-digit ID number	987654321	9	Success: ID verified
ID_03	ID number with more than 9 digits	1234567890	10	Error: ID must be exactly 9 digits

Exercise 5 — Event Ticket Booking Quantity (Allowed Items: 1 to 8 Tickets)

Test Case ID	Test Scenario Description	Ticket Count	Expected Checkout Status
TCK_01	Select 0 tickets	0	Prompt: Please select at least 1 ticket
TCK_02	Select minimum allowable tickets	1	Success: Added to cart
TCK_03	Select average group tickets	5	Success: Added to cart
TCK_04	Select maximum allowable tickets	8	Success: Added to cart
TCK_05	Select tickets over per-order limit	10	Error: Maximum 8 tickets allowed per order

Exercise 6 — Checking Account Overdraft Limit (Allowed Balance: -\$500 to \$50,000)

Test Case ID	Test Scenario Description	Account Balance (\$)	Account Status
BAL_01	Balance below overdraft limit	-\$600	Account Frozen: Overdraft limit exceeded
BAL_02	Balance at maximum overdraft limit	-\$500	Active: Overdraft limit reached
BAL_03	Standard positive balance	\$12,500	Active: Good standing
BAL_04	Balance at maximum account threshold	\$50,000	Active: Good standing
BAL_05	Balance exceeding maximum threshold	\$65,000	Flagged: Requires corporate review

Exercise 7 — Corporate Expense Reimbursement (Allowed Range: \$5 to \$1,500)

Test Case ID	Test Scenario Description	Claim Amount (\$)	Approval Process
EXP_01	Claim under minimum threshold	\$2	Rejected: Claims under \$5 not processed
EXP_02	Claim at minimum threshold	\$5	Approved: Automatic processing
EXP_03	Standard claim amount	\$350	Approved: Automatic processing
EXP_04	Claim at maximum threshold	\$1,500	Approved: Automatic processing

Partition ID	Partition Rule	Type
P1	Score < 0	Invalid
P2	0 <= Score <= 100	Valid
P3	Score > 100	Invalid

Partition ID	Partition Rule	Type
P1	Amount < \$20	Invalid
P2	\$20 <= Amount <= \$1,000	Valid
P3	Amount > \$1,000	Invalid

Partition ID	Partition Rule	Type
P1	Length < 4	Invalid
P2	4 <= Length <= 12	Valid
P3	Length > 12	Invalid

Partition ID	Partition Rule	Type
P1	Digits < 9	Invalid
P2	Digits = 9	Valid
P3	Digits > 9	Invalid

Partition ID	Partition Rule	Type
P1	Count < 1	Invalid
P2	1 <= Count <= 8	Valid
P3	Count > 8	Invalid

Partition ID	Partition Rule	Type
P1	Balance < -\$500	Invalid
P2	-\$500 <= Balance <= \$50,000	Valid
P3	Balance > \$50,000	Invalid

Partition ID	Partition Rule	Type
P1	Amount < \$5	Invalid
P2	\$5 <= Amount <= \$1,500	Valid
P3	Amount > \$1,500	Invalid

EXP_05	Claim exceeding maximum limit	\$1,800	Rejected: Requires manager pre-approval
--------	-------------------------------	---------	---

Exercise 8 — Hotel Room Night Stay Booking (Allowed Stay: 1 to 14 Nights)

Test Case ID	Test Scenario Description	Nights Requested	Booking Response
HTL_01	Attempt 0 night booking	0	Error: Minimum stay is 1 night
HTL_02	Single night booking	1	Confirmed: Room reserved
HTL_03	One week booking	7	Confirmed: Room reserved
HTL_04	Maximum stay booking	14	Confirmed: Room reserved
HTL_05	Booking over maximum stay limit	20	Error: Extended stay requires sales desk

Partition ID	Partition Rule	Type
P1	Nights < 1	Invalid
P2	1 <= Nights <= 14	Valid
P3	Nights > 14	Invalid
